Wonders of the Water Camp 2026

Project 6: Undersea Submarine

9 x 12 Bristol Board with Markers

1. Pass out bristol board and a submarine cut out to each student. Have students put their name on the back of **both** with a **HB pencil**.

2. Using a pencil, guide students through the drawing of the background of the project on the bristol board. Then guide the students through the drawing of the details on their submarines.

3. Have students **trace over** all pencil lines with a **medium and thin black Sharpie**.
    a. **Introduce:** Line weight and the differences between the thin details and thick outline

4. Still using the **large and medium black Sharpie**, have students color in all of the black areas!

5. Using **markers,** guide students through the entire coloring of the project.
    a. **Focus On:** Teaching students basic color blending!

6. **OPTIONAL:** Using colored pencils, have students add final details to their fish and underwater elements.

7. Using **3D-O's**, have students adhere their submarines to the top right hand corner of their project!
